R-6500	6940	2700	700-1000	600/800	670/870	Galvanized / Stainless Steel	Optional
R-8000	8000	3120	700-1000	600/800	670/870	Galvanized / Stainless Steel	Optional
R-10000	10000	3950	700-1000	600/800	670/870	Galvanized / Stainless Steel	Optional
R-12000	12000	4780	700-1000	600/800	670/870	Galvanized / Stainless Steel	Optional
R-15000	15600	6030	700-1000	600/800	670/870	Galvanized / Stainless Steel	Optional

Remark: The above is APOLLO standard models, if you need other sizes, please contact our sales freely.

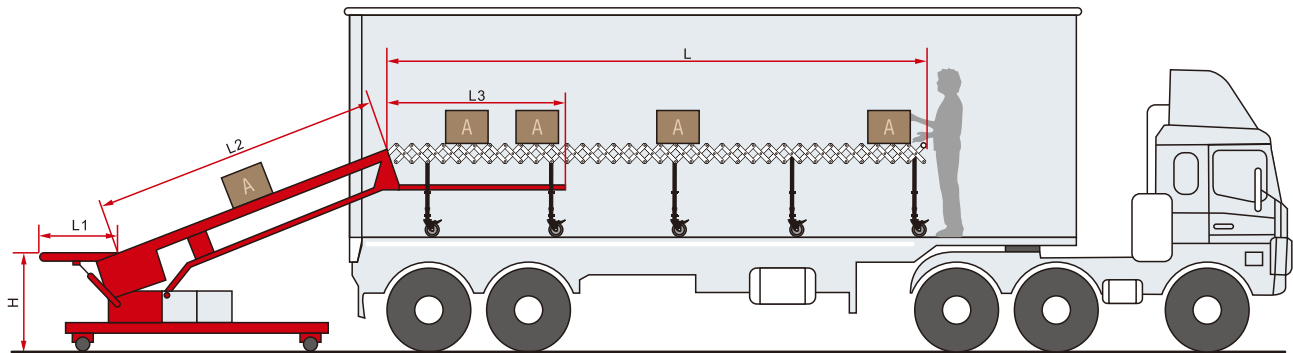

APOLLO Flexible Roller Conveyor is suitable for flexible and changeable occasion; Driven by motor, goods is transmitted automatically along with roller, no need manual to push goods; Shorten the distance of manual handling materials back and forth, shorten time, reduce the labor intensity, reduce the goods damage and improve the work efficiency.

APOLLO Flexible Roller Conveyor can be used alone, also can be combined with other conveying equipment, often used in goods transfer in the logistics center, enterprise storage, food, beverage etc. Directly used on ground after stretching, normally use to convey cartons with capacity 60 kg/m.

Mobile Loading Conveyor 4030

Model	L1(mm)	L2(mm)	L3(mm)	L(mm)	H(mm)	Belt Width (mm)
B6-600	1200	3000	2600	6000	500-750	600
B6-800	1200	3000	2600	6000	500-750	800

Remark: The above is APOLLO standard models, if you need other sizes, please contact our sales freely.

APOLLO is a leading manufacturer for general cargo sorting, loading and unloading with 20 years of experience in the technical team. No matter a single conveyor equipment or customized system solutions, APOLLO always can implement projects timely and reliably with rich production technology experience and professional knowledge.

APOLLO Mobile Loading Conveyor is suitable for loading and unloading anywhere. The retractable arm can reach into truck or container by simply press buttons to start the easy loading and unloading.

APOLLO Mobile Loading Conveyor can reduce loading and unloading costs for users, improve the working efficiency and reduce logistics costs.

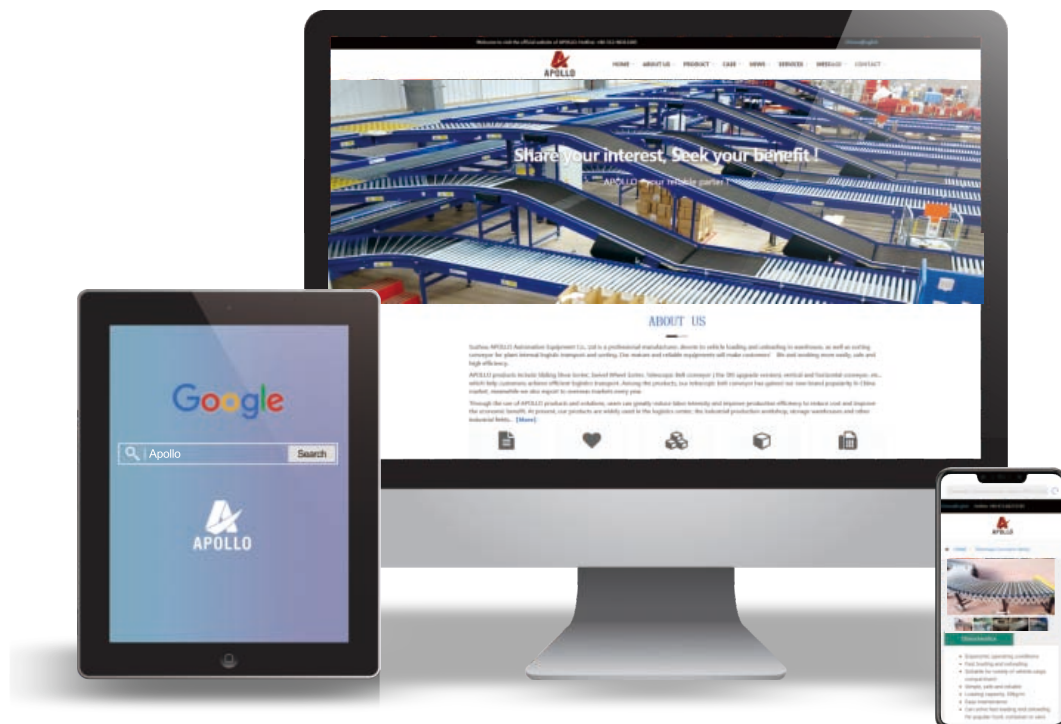

APOLLO has international experience in plant logistics innovation and optimization to provide customers with better planning solutions. APOLLO Telescopic Conveyor is your ideal choice for more safe and more efficiency loading or unloading equipment, which confirms to the strict European CE certification and already used in many countries.

One-stop service is available in APOLLO to help customer achieve maximum productivity.

APOLLO continuously improves and enriches the production line through innovation to meet the needs of a number of users. Your products can be loaded and unloaded quickly.
